

A decorative graphic on the right side of the page. It features three sets of concentric circles in shades of blue. The top set is a large circle with a medium blue center and a light blue outer ring. Below it is a smaller circle with a similar color scheme. At the bottom right is a very large circle, partially cut off by the edge of the page, also with a medium blue center and a light blue outer ring. Thin blue lines extend from the top left towards the circles, and another line extends from the top right towards the bottom right circle.
